

USA Swimming Competition Entry Process

HAC Members:

Here is a brief guide on entering USA Swimming competitions.

1. Print out and review the meet information found at the Middle Atlantic web site. www.maswim.org
2. Circle the events you would like to enter on in the meet information packet.
 - Entry deadlines in the meet information are for the coach's entries. HAC deadlines will be much sooner. This is so HAC gets into the meets. Meets tend to fill rather quickly early.
3. Log into Direct Athletics (www.directathletics.com).
 - You will receive your username and password from direct athletics.
 - Each swimmer will have their own and will need to be logged in separately.
4. Go to the meet list and click on the meet name. Available events for the athlete will be listed. Click on the events you would like to enter. **DONE.**
5. Once the entry deadline has passed, you will be locked into those entries. Please plan accordingly.

What happens next?

1. Once direct athletics' entry deadline passes, a coach downloads the entries from DA into Team Manager (TM).
2. After the entries are put into TM, they are then uploaded for viewing on TM Online.
 - Any changes performed after the DA deadline, will not be reflected on the DA web site. It will be reflected in the TM Online Entry.
3. Coach reviews the entries and sends to the meet host.
 - Entry Time updates are under the discretion of the meet host.
 - Additional entries or swimmers are under the discretion of the meet host.
